Response to Amendment

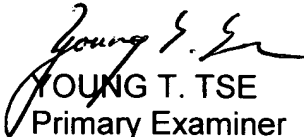

1. The reply filed on 19 July 2006 is not fully responsive to the provisions of 37 CFR 1.173(b)-(g) and those of 37 CFR 1.121(i) apply to amendments in reissue applications. Any amendments submitted in a reissue application must comply with 37 CFR 1.173(b). For example, the amendment of the thrice amended claims 1-2 and 8 does not include all the changes from the previous amendments, and the new claim 47 is not underlined, as required by 37 CFR 1.173(b)(2). The Applicants are suggest to submit a complete set of claims to include all the changes from the previous amendments (at least the twice amended filed 28 January, 2006 of claims 5 and 11 need to be included in the next amendment). Note: the "said signal" recited in each of claims 1-14 should be changed to "said demodulated signal" since each of the independent claims 1-2 and 8 has amended "a signal" to "a demodulated signal". Further, the Applicants are suggested to submit a new Oath/Declaration to cover all the changes, including the changes to the specification, the drawing(s), the amended claims 1-14 and 47 plus the new claim 48 in order to expedite the prosecution of the reissue application.

Since the above-mentioned reply appears to be *bona fide*, applicant is given **ONE (1) MONTH or THIRTY (30) DAYS** from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).
